

Welcome to Data Science Club (DSC)!!

Introduction

**DATA
SCIENCE
CLUB**

Welcome to Data Science Club!!!

We are so excited to meet so many new
AND returning members joining us this
year 🎉

DSC provides so many amazing
opportunities for members to grow + build
connections with amazing people, so make
sure to keep an eye out for our
announcements!!!

01

DSC Events

Learn more about what we do throughout the semester!

Social GBMS

Social GBMs are a great way to meet other club members and network!! YOU ARE HERE AT THE DSC SOCIAL GBM !!! isn't it so fun😄😄😄

- We provide FOOD!!!
- Networking with some AMAZING people!!!
- Maybe find some group of people to work/talk about projects.. homeworks...🙏

Workshops

We host workshops for members to build technical skills or even learn from other DSC members about COOOOL topics 🎉🙌

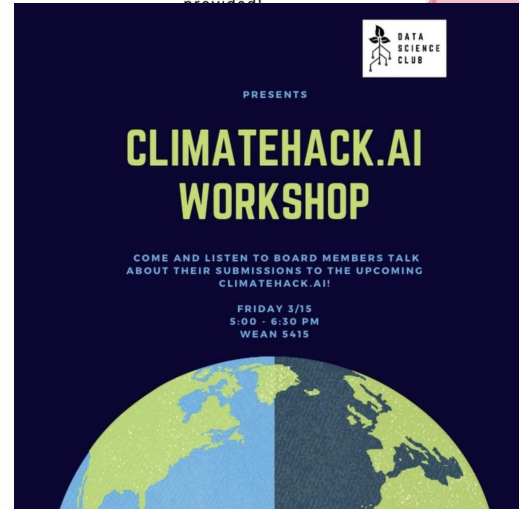

You definitely don't want to miss out on these because you get some SMART people giving you advice and help ...

DSC Workshop

When: February 9, 2024
5:00-6:30 PM

Where: Wean 5415

Come join us for our first workshop of the semester! We will be guiding attendees in predicting soccer match outcomes using various data points, including team information, players, and previous records. Food will be provided!

Guest Speakers

Once in a while, we bring in guest speakers (from CMU alumni to researchers) for members to get engaged and learn more about different interesting topics !!

Some benefits:

- Career Advice
- Industry Insights
- Learn about specialized topics

Projects (!!!)

DSC is planning on BIG events this year and we definitely need people to help out with these amazing events/projects!

More information on this later throughout the slides...

Competitions

DSC sends out information about ongoing competitions OR HOST one once in a while!!!
Anyone interested in some of these competitions can participate.

You definitely don't want to miss out on these especially with so many brilliant people around you in DSC...🐱

Our amazing PokerAI competition

**Speaking of
competitions...**

02

Learn about Project X!!!

AMAZING OPPORTUNITY!!!

ProjectX - ML Research Competition

The University of Toronto Artificial Intelligence Group is hosting a machine learning research competition starting September 15th and ending in mid-December. The theme of the competition is multimodal AI, with multiple research focuses. Looking for 3-4 **undergraduate** students. If you are interested please apply, applications will close soon.

03

We need Developers !

Looking for ways to get into dsc?????!!!!

Want to get more involved with DSC?

We need **committed** devs with proficiency in Javascript, Python, and Next.js!

- In-person work
- **Mandatory** 2-hour weekly work sessions
- Team flexibility—work will be assigned based on need, awesome chance to try different roles
- Your work will be essential for DSC and will have real-world impact lol

Cool Stuff

Our work is mainly on the software infrastructure for our competitions.

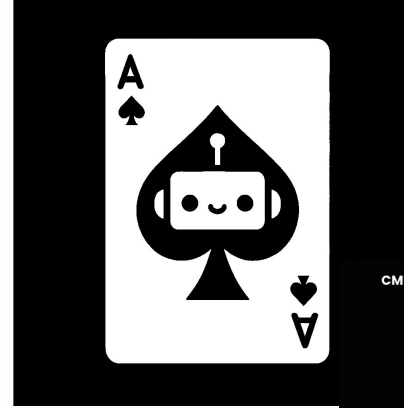

- Datathon
 - DSC's first datathon!
 - Looking for frontend developers and those with experience building structured Jupyter notebooks as well as submission websites

Cool Stuff

Our work is mainly on the software infrastructure for our competitions.

- Poker AI
 - Last year's had a prize pool of 10k—this year's will be quite a bit bigger :o
 - This year's will be for a month long from the end of February through March
 - Looking for frontend, backend, and cloud developers

CMU DATA SCIENCE CLUB X CMU POKER CLUB PRESENTS...

CMU POKER AI COMPETITION

Illustration of a robot holding playing cards and a stack of chips, surrounded by data charts and graphs.

\$8,000 PRIZE MONEY

JOIN US TO LEARN ABOUT ALGORITHMIC GAME THEORY, PROGRAM PYTHON BOTS, FOOD, FUN, AND A CHANCE TO WIN \$8,000!!

MARCH 29-30TH, DOHERTY 2210 @ 6 PM

Commitment Sign-up Form!

If you can consistently make our work sessions and would love to learn, please fill out this signup form!

Great work will be noticed and resumes will be sent to sponsors :D
